Guiding Principles to Academic-Practice Partnerships. These guiding principles were developed by the AACN-AONE Task Force on Academic-Practice Partnerships in January 2012. The recent passage of the Affordable Care Act (ACA) has created the greatest change in the American healthcare system since 1965. The goal of the ACA is to improve the health of the population through expanded coverage, controlled healthcare costs and improved healthcare delivery systems.

The Guiding Principles to Academic-Practice Partnerships

AACN's curriculum guidelines provide a framework for positioning baccalaureate and graduate-degree nursing programs to meet the healthcare challenges of a new century.

AACN Curriculum Guidelines

In 2007, AACN produced the first set of practice guidelines, which were intended to "...facilitate the continued systematic growth of the profession of clinical neuropsychology, and to help assure a high level of professional practice."

Guidelines Guidelines Use evidence-based guidelines to help make decisions on diagnosis and treatment. Summaries for neurologists and patients are available. Quality Quality Access the Axon Registry®, quality measures, tools to help meet quality payment program requirements, and patient engagement handouts.

Guidelines - American Academy of Neurology

The American Association of Colleges of Nursing (AACN) is the national voice for academic nursing. AACN works to establish quality standards for nursing education; assists schools in implementing those standards; influences the nursing profession to improve health care; and promotes public support for professional nursing education, research, and practice.

The American Association of Colleges of Nursing (AACN ...

Further, the Commission on Collegiate Nursing Education (CCNE), AACN's autonomous accrediting arm, encourages innovative practices, including the use of simulation, so long as there are also direct-care clinical practice experiences (all experiences cannot be replaced by simulation). Some state boards of nursing regulate the number of clinical learning hours that can be completed via simulation in schools of nursing within their states.

AACN Statement on the Use of Simulation in Nursing Education

The American Academy of Family Physicians (AAFP) develops evidence-based clinical practice guidelines (CPGs), which serve as a framework for clinical decisions and supporting best practices....

Clinical Practice Guideline Manual -- Clinical Recommendation
