Algebra Connections Silent Board Game

Silent Board Game © 2016 CPM Educational Program. All rights reserved.

CPM Silent Board Game

The Silent Board Game allows students to problem solve by looking for patterns, taking risks, and ultimately, finding a general rule (MP1). Additionally, it helps us to create a classroom culture of making mistakes and learning from them, since incorrect guesses often lead us to a better understanding of how x and y relate to each other.

Silent Board Game - BetterLesson

The Silent Board Game is used to introduce and practice writing a rule (equation) from a table. 1. Students should remain silent during the game. They should raise their hands to be recognized, type an answer in one of the cells and hit ENTER. The student will get a "Yes" or a "No" and then quietly sit down. 5.

This game is the one that made me think of the list. Modular board made up of nice, thick hexagons that should stand the test of time and use by children under six. Blocking game on a square grid? I don't think so. Besides, what a great way to introduce grognards-in-training young children to think in hexagons and not squares.
