The Frankfurt School was a group of scholars known for developing critical theory and popularizing the dialectical method of learning by interrogating society’s contradictions. It is most closely associated with the work of Max Horkheimer, Theodor W. Adorno, Erich Fromm, and Herbert Marcuse.

The Frankfurt School of Critical Theory

Critical Theory is a modern philosophical development that stems, in large part, from a group of twentieth-century philosophers affiliated with the Frankfurt School, who argued that the culture of Enlightenment, which originated in the seventeenth and eighteenth centuries, contained subversive elements that threatened its own demise.These philosophers—who included Theodor Adorno, Max ...

There’s a balance to being Empath who has psychic experiences and yet tries to be remain objective to what is going on.

Critical thinking - Psychic Empath

so, keep in mind: as an undergrad you may be aware of the difference between quantitative and qualitative methods. BUT there are also epistemological differences (“how true is something we think is true and how do we know it”) and very different attitudes between a normative or critical approach, and an empirical approach.
