OECD Observer: Sections » Taxation . Whether it be a tax on plastic bags or an increased levy on petrol for cars, consumer spending that damages the environment can be discouraged by taxing the goods and services on offer to raise the price. Such taxes have proved effective in OECD countries, but there are fears that higher costs to producers will reduce international competitiveness and have ...

Tax environment - OECD Observer

taxes on motor fuels and vehicles) constitute approximately 3-10 percent of total tax revenues in typical OECD countries (Figure 1).2 Some Nordic countries took the first steps in environmental tax reform—broadly speaking, the restructuring of the tax system to more effectively promote environmental objectives—during the early 1990s.

Environmental Tax Reform: Principles from Theory and ...

A recent report from the Organisation for Economic Co-operation and Development (OECD) on 2020 tax reforms reveals an increase in the number of environmentally-related tax policies when compared to 2019. Reforms were concentrated in a limited number of countries and their scope continued to be narrow. Gas taxes, carbon taxes, and taxes on electricity consumption have all been part of reform ...

have been playing a growing role in environmental policies of OECD countries. In this context, a distinctive feature is the increasing role of environmentally related taxes. All countries have introduced environmental taxes to a varying extent, and an increasing number of countries are implementing comprehensive green-tax reforms, while others

ISSUES AND STRATEGIES - CBD

environmental tax is a narrower tax than an income tax (because the income tax covers all production, whereas the environmental tax covers only polluting production). More recent work has pushed back to some extent against that conclusion. To pick just one example, Parry and Bento (2000) suggest that inefficient tax preferences
