Fifty Eastern Thinkers - Routledge & CRC Press

'Fifty Major Economists is one of the most informative, comprehensive, well-researched and in-depth books that highlights the major contributions of the most famous economists. From Thomas Mun to Paul Krugman, from the sixteenth century to the twenty-first century, this book tells you everything you need to know about the major contributions ...

Fifty Major Economists - 3rd Edition - routledge.com

Good resource and guide to 50 of the major deceased Western philosophers. It follows the train of philosophy chronologically. The author does a fairly good job of remaining objective and pointing out the problems and inconsistencies in each view. Even after finishing the book I do not know what her personal philosophical position is.
