3) Capitalism leads to innovation: Coming up with new products is often time consuming, expensive and hit or miss. Nine ideas may fail before that tenth one takes off. The less the creative people behind these ideas are allowed to benefit, the less time, money and effort they'll put into developing new concepts and inventions.

Capitalism vs. Socialism Brilliantly Explained For Dummies

One way to approach capitalism in a research paper is to illustrate that capitalism is exploitative in that it forces people to be "competitive" rather than "cooperative".

Capitalism vs. Socialism: What's the Difference?

The history of capitalism is diverse and has many debated roots, but fully fledged capitalism is generally thought by scholars [specify] [weasel words] to have emerged in Northwestern Europe, especially in Great Britain and the Netherlands, in the 16th to 17th centuries. [citation needed] Over the following centuries, capital accumulated by a variety of methods, in a variety of scales, and ...
